Eugenia – can EPA provide timesheets to substantiate LBG's cost?

Subject: Oversight costs for white perch resampling

Cliff,

These are the costs of the white perch resampling oversight that EPA has received from Louis Berger (\$20,000.30) and the USACE (\$1,856.50) to date. Please note that these costs do not include EPA's indirect costs, annual allocation costs or personnel costs which EPA also considers to be a part of the white perch resampling oversight costs and which will be billed in a future SCORPIOS report once it is placed into the SCORPIOS system.

Thank you,

eugenia
